

*10 Free
A&P Prompts
for Calm Psychology
Content*

1. Write a Telegram post
about nervous system
recovery using
an unexpected
psychological observation
and one practical technique.

2. Create a Reel script
about emotional safety
that starts with a
surprising statement and
ends
with a calming insight.

3. Generate a warm psychology meme about overthinking using a cat as the main character.

4. Write a short post
explaining
a common anxiety habit
and a realistic way
to reduce it.

*5. Create
5 Reel hooks
about burnout that
encourage saves
and shares.*

6. Write
a Telegram post
about family boundaries
without blaming
parents or relatives.

7. Generate

a calming self-care post

focused

on real-life recovery rather

than productivity.

8. Create
a story-based post
about learning
to rest
without guilt.

9. Write
a psychology post
explaining
why some people
feel tired after social
gatherings.

*10. Generate
10 content ideas
for a Telegram channel
about emotional well-being,
calmness,
and relationships.*
